SHELF BINS FROM RECYCLED PLASTIC

A large choice of bins from which to construct a quality and economic storage system! The shelf bins made of recycled plastic are designed to fit all metric shelves, available in 300, 400 and 500mm depth. The fascia of models 6310-6520 is designed for the requirements of automated and paternoster retrieval systems. Bins 6320, 6420 and 6520 have 2 labels abreast.

Material: recycled polypropylene. Colour: blue RAL 5022. RAL 5022 material may include small amounts of ink residue and its shade may vary to a certain degree. Large white labels included. Bins 6316-6516 also include protective laminates for the labels. Accessories: cross dividers and self-adhesive labels.

STACKING BINS FROM RECYCLED PLASTIC

The stacking bins made of recycled plastic are designed to fit all metric shelves. Open fronted to allow easy access to contents. Bins 6323-6523 can be divided in half with cross dividers that can be ordered separately. Stacking bins 6547-6545 can be hung on wall-mounted bin rails. Especially suitable for in-house material flow within factories and warehouses.

Material: recycled polypropylene. Colour: blue RAL 5022. RAL 5022 material may contain small amounts of ink residue and its shade may vary to a certain degree. Large white labels included. Bins 6323-6523 also include protective laminates for the labels.

STACKING BINS

STORAGE BINS

STORAGE BIN CABINETS AND TURNTABLES

6083-60R

Cabinet with 8 bins, type 6320.
Frame dims D x W x H:
300 x 400 x 395 mm.
Accessories: divider 620.

6163-60R

Cabinet with 16 bins, type 6310.
Frame dims D x W x H:
300 x 400 x 395 mm.
Accessories: divider 610.

6084-60R

Cabinet with 8 bins, type 6420.
Frame dims D x W x H:
400 x 400 x 395 mm.
Accessories: divider 620.

6164-60R

Cabinet with 16 bins, type 6410.
Frame dims D x W x H:
400 x 400 x 395 mm.
Accessories: divider 610.

STORAGE BIN CABINETS

The storage bin cabinets have steel frames epoxy painted grey (RAL 7045) and blue storage bins with labels. Wide bins have two labels. The storage bins are made of recycled polypropylene and are detailed on page 2. Accessories: cross dividers, turntables and retaining bars A-400.

TURNTABLE ASSEMBLIES

Turntable assemblies hold 16 cabinets. The unit includes a ball bearing base and dividing trays for 4 layers each layer contains 4 cabinets. Load capacity 800 kg. Two sizes.

16-300 holds 16 bin cabinets 6163-60R or 6083-60R. Complete assembly's D x W x H: 700 x 700 x 1680 mm.

16-400 holds 16 bin cabinets 6164-60R or 6084-60R. Complete assembly's D x W x H: 800 x 800 x 1680 mm.

RETAINING BARS A-400

Cabinets for mobile service and maintenance vehicles can be equipped with safety/retaining bars.

The Kennoset storage system is a favourably priced and efficient storage solution for stores, production facilities, home, etc. The Kennoset bins are manufactured from environmentally friendly 100% recycled plastic.
