

Class, elegance and ergonomics - there are three the most important features describing the ROYCE armchair. The chair is very representative, so it will perfectly complete the interior of the management's office and other spaces. Innovative mechanisms and regulations have a positive impact on the posture while sitting. The upholstered seat is made of high density foam. These elements combined with the backrest, which is characterized by a delicate, black mesh covering, make ROYCE an excellent choice for people who spend most of the day sitting. The strong point of this model is the lumbar support with depth adjustment. The product is also distinguished by the ability to adjust the height of the backrest to the customer's figure.

The synchro mechanism used with the built-in seat slider plate allows you to adjust the chair to the user and his comfort. The chair is available also with adjustable headrest which adds an elegant look but most of all ensures the head support and relieves the cervical spine.

- **ROYCE - STI - Premier**

- swivel chair
  - (ST) – synchro mechanism with integrated seat slider
  - (Premier) – polished aluminum base Ø 700mm

- **ROYCE - STI- Ultra**

- swivel chair
  - (ST) – synchro mechanism with integrated seat slider
  - (Ultra) – black nylon base Ø 700mm (polyamide + 30% fiber glass)

- **ROYCE - STI - Z - Premier**

- swivel chair
  - (ST) – synchro mechanism with integrated seat slider
  - (Z) – upholstered headrest, with height and inclination adjustment
  - (Premier) – polished aluminum base Ø 700mm

- **ROYCE - STI - Z - Ultra**

- swivel chair
  - (ST) – synchro mechanism with integrated seat slider
  - (Z) – upholstered headrest, with height and inclination adjustment
  - (Ultra) – black nylon base Ø 700mm (polyamide + 30% fiber glass)

## Technical data

### Mechanism:

---

- **(STI) – synchro mechanism with seat slider plate**
  - synchronized adjustment of backrest and seat inclination by one lever
  - seat inclination 13°, backrest inclination 22°
  - tension adjustment by bottom or lateral handwheel
  - locking in 4 positions
  - height adjustment of the seat by lever
  - built-in seat slider plate
  - antishock - protection from uncontrolled backrest movement
  - mechanism can be used in either locked or unlocked position

### Base:

---

- **(Premier)** – polished aluminum Ø 700mm
- **(Ultra)** – black nylon Ø 700mm (polyamide + 30% fiber glass)

### Backrest:

---

- black membrane
- lumbar support with height adjustment
- with a height adjustment mechanism

### Seat:

---

- upholstered
- foam 6cm - density T40 kg/m<sup>3</sup>

### Castors:

---

- **Hard** – 65mm; for soft floor (carpet floor)
- **Soft** – 65mm; for hard floor (wood flooring, tiles)

### Headrest:

---

- upholstered
- adjustable height and inclination

### Armrests:

---

- **PR 0002** – fixed armrest, black, hard polypropylene (PP) construction
- **PR 1022** – adjustable up-down armrest; chromed steel construction; black, soft polyurethane (PU) pad

# ROYCE

- **PR 0031** – adjustable up-down armrest; black nylon construction; black, hard polypropylene (PP) pad
- **PR 0032** – adjustable up-down armrest; black nylon construction; black, soft polyurethane (PU) pad
- **PR 0132** – adjustable up-down armrest; lateral adjustment; black nylon construction; black, soft polyurethane (PU) pad, front-rear sliding pad
- **PR 1132** – adjustable up-down armrest; lateral adjustment; chromed steel construction; black, soft polyurethane (PU) pad, front-rear sliding pad
